Contractor's Description of Service, include required service description, features and additional features offered by Contractor: MPLS Port, Access and Router Bundled Ethernet Off-Net Transport Speeds
Geographic Availability: NWN Corporation will provide these services Statewide
Service Limitations and Restrictions: None
Change Charge Applicability: <i>MPLS Port and Access Bundled Transport Speeds change charges include port, switches, loop, or router increases and decreases and unsolicited feature additions applied to a MPLS port, loop, switches, or router after the initial install. Change charges are not applied to port or local access moves as a new order will be required to move a MPLS port from the initial customer location to another customer location.</i>

1.2.8.5.b Services Related Infrastructure - Overtime Hours

Contractor's Description of Service, include required service description, features and additional features offered by Contractor: This service is in support of all CALNET categories provided by NWN and only to be used in conjunction with Moves, Adds, Changes to Support CALNET Services provided by NWN. All Products are Equivalent.

- Column F reflects the Full Charge for the Service as it is to be ordered.
- Columns G and H are for Reference Purposes Only. Material and Labor cannot be ordered separately.

SRI order limits/dollar thresholds, per project (for State Departments Only):

1. Less than \$50K, Customer may submit a Form 20 (s).
2. \$50,000-\$500,000, Customer must follow RFO Process defined in the CALNET User Instructions.
3. Above \$500,000, Customer may not use CALNET to order SRI Services.
4. Willfully splitting a single project into a series of projects for the purpose of circumventing ordering limits is prohibited.

The cost for SRI services excludes the handling of hazardous material(s), spoils and/or effluents and all costs associated therewith including environmental impact. Services for the handling of hazardous materials are not available on CALNET.

Pricing in this Catalog is the maximum allowed. Quotes received may not exceed each line item price, but may be lower based upon where work is being done and prevailing wage. Cost for "time to travel" is included as part of the service and reflected in the Contractor's catalog fixed labor rate pricing for each line item.

The one-time fee for labor will include all hours required to complete the work for the line item requested. Labor pricing is based upon the payment of California Prevailing Wages. Overtime Hours – Hours worked between 5:00PM and 7:59AM, Monday through Friday and all day Saturday.

Geographic Availability: Contractor shall provide SRI for all geographic areas locations within the State of California, where the Contractor has committed to providing the primary services categories.

Service Limitations and Restrictions: All fiber optic, copper cabling and innerduct must have free and clear pathways to be installed. The cost for SRI services excludes the handling of hazardous material(s), spoils and/or effluents and all costs associated therewith including environmental impact. Services for the handling of hazardous materials are not available on CALNET. This service is in support of all Categories provided by "Contractor" and only to be used in conjunction with Moves, Adds, Changes.

ALT 1 = Customers are not mandated to use this service. If Customers choose to use this service, it may be ordered in accordance with the User Instructions using a STD. 20 (Form 20). Customers must check with Contractor for service availability as it is limited to specific geographical locations and circumstances.

Change Charge Applicability: Change Charges applies when a customer requests equipment to be relocated or changed after installation.

Contractor’s Description of Service, include required service description, features and additional features offered by Contractor: This service is in support of all CALNET categories provided by NWN and only to be used in conjunction with Moves, Adds, Changes to Support CALNET Services provided by NWN. All Products are Equivalent.

- Column F reflects the Full Charge for the Service as it is to be ordered.
- Columns G and H are for Reference Purposes Only. Material and Labor cannot be ordered separately.

SRI order limits/dollar thresholds, per project (for State Departments Only):

1. Less than \$50K, Customer may submit a Form 20 (s).
2. \$50,000-\$500,000, Customer must follow RFO Process defined in the CALNET User Instructions.
3. Above \$500,000, Customer may not use CALNET to order SRI Services.
4. Willfully splitting a single project into a series of projects for the purpose of circumventing ordering limits is prohibited.

The cost for SRI services excludes the handling of hazardous material(s), spoils and/or effluents and all costs associated therewith including environmental impact. Services for the handling of hazardous materials are not available on CALNET.

Pricing in this Catalog is the maximum allowed. Quotes received may not exceed each line item price, but may be lower based upon where work is being done and prevailing wage. Cost for “time to travel” is included as part of the service and reflected in the Contractor’s catalog fixed labor rate pricing for each line item.

The one-time fee for labor will include all hours required to complete the work for the line item requested. Labor pricing is based upon the payment of California Prevailing Wages. Sunday and Holiday Hours – Any hours worked on Sunday or State of California holidays.

Geographic Availability: Contractor shall provide SRI for all geographic areas locations within the State of California, where the Contractor has committed to providing the primary services categories.

Service Limitations and Restrictions: All fiber optic, copper cabling and innerduct must have free and clear pathways to be installed. The cost for SRI services excludes the handling of hazardous material(s), spoils and/or effluents and all costs associated therewith including environmental impact. Services for the handling of hazardous materials are not available on CALNET. This service is in support of all Categories provided by “Contractor” and only to be used in conjunction with Moves, Adds, Changes.

ALT 1 = Customers are not mandated to use this service. If Customers choose to use this service, it may be ordered in accordance with the User Instructions using a STD. 20 (Form 20). Customers must check with Contractor for service availability as it is limited to specific geographical locations and circumstances.

Change Charge Applicability: Change Charges applies when a customer requests equipment to be relocated or changed after installation.
